Volunteer Work of Dr. Peter Sylaidis
Specialist in Plastic, Reconstructive & Cosmetic Surgery

Dr Sylaidis has been an active participant in providing plastic surgical services to Papua New Guinea with the volunteer service called Interplast. He was deeply impressed and grateful to the people of PNG for their hospitality, honesty and strength of character.

In particular he wishes to thank the people of Kabiufa, Eastern Highlands, for honoring him with the title of tribal elder and the historic name of one of their legendry warrior chiefs, Garanumupa. The honor is deeply appreciated and will not be forgotten.

Before

After cleft lip

Before

After cancer of mouth eroding through cheek, excised and reconstructed with flap from chest

Before

After burn scar contracture released and skin grafted
